ASTRA SHADING

Who We Are?

(EN)

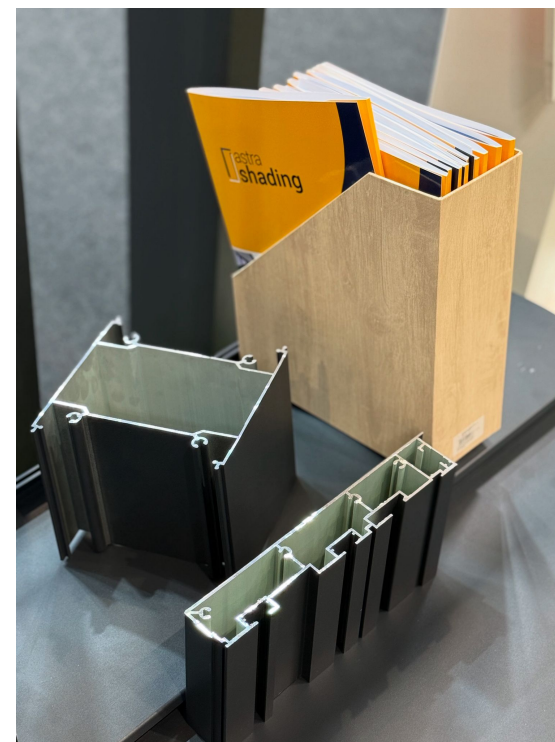

At Astra Shading, we believe that outdoor spaces should combine beauty, comfort, and functionality. Our mission is to create systems that turn terraces and gardens into welcoming spaces for every season.

We design and manufacture premium pergolas, glass enclosures, zip screens, and aluminum fences — all made in Romania to European standards. With personalized solutions and dedicated support, we work closely with dealers, builders, and architects across Europe.

(RO)

La Astra Shading, credem că spațiile exterioare trebuie să îmbine eleganța, confortul și funcționalitatea. Misiunea noastră este să oferim sisteme care transformă terasele și grădinile în locuri plăcute, în orice anotimp.

Proiectăm și producem în România pergole premium, închideri din sticlă, zip screen-uri și garduri din aluminiu, la standarde europene. Oferim soluții personalizate și suport dedicat partenerilor din întreaga Europă — distribuitori, montatori și arhitecți.

Sistem de ghilotină curățabil ASTRA VERTICAL LIFT

Astra Vertical Lift Cleansable System

(RO)

Sistemul de sticlă ghilotină Astra Vertical Lift este o soluție modernă și funcțională care permite utilizarea suprafețelor mari de sticlă ca ferestre sau uși care se deschid. Acesta susține ventilația naturală a spațiului, asigurând în același timp o tranziție perfectă între interior și exterior.

Datorită structurii sale durabile din aluminiu, este ușor, durabil și rezistent la coroziune. Oferă o rezistență ridicată la condiții meteorologice dure. Designul său estetic, cerințele reduse de întreținere și opțiunile de culori RAL se adaptează cu ușurință oricărui proiect. Devenind un element indispensabil al arhitecturii moderne, sistemul de sticlă ghilotină Olympos este o soluție practică și fiabilă care combină estetica, confortul și funcționalitatea în clădirile rezidențiale și comerciale.

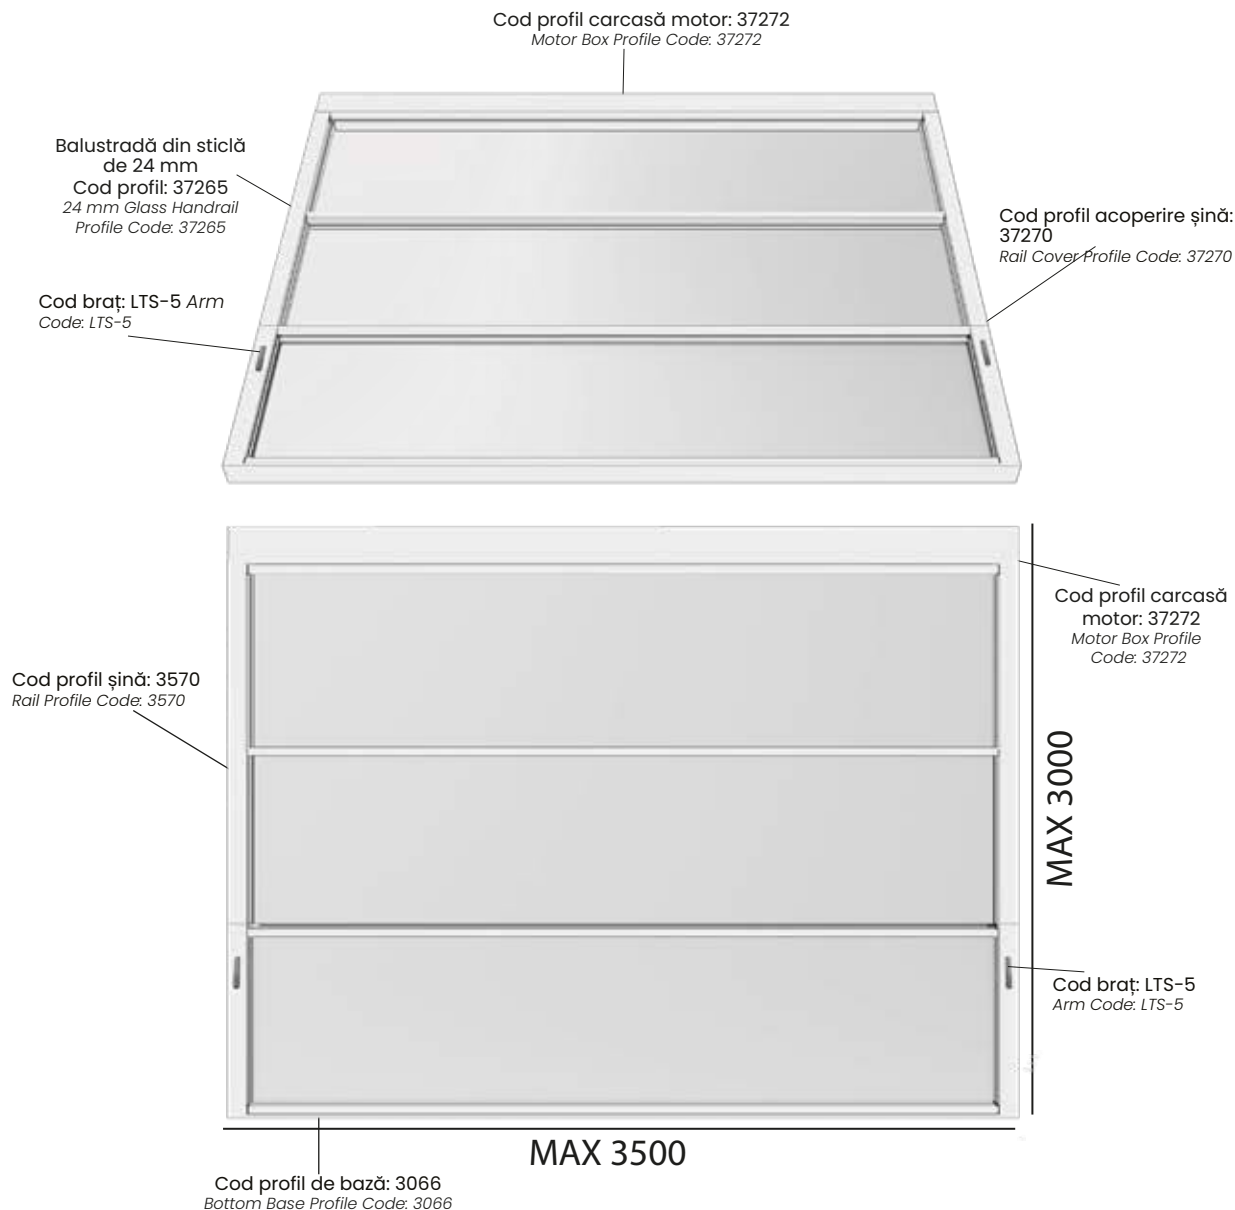

(EN)

Astra Vertical Lift Guillotine Glass System is a modern and functional solution that allows large glass surfaces to be used as openable windows or doors. It supports natural ventilation while providing a seamless transition between indoor and outdoor spaces.

Thanks to its durable aluminum structure, it is lightweight, long-lasting, and resistant to corrosion. It offers high durability against harsh weather conditions. With its aesthetic design, low maintenance requirements, and RAL colour options, it easily adapts to various projects.

Becoming an essential element of modern architecture, the Olympos Guillotine Glass System combines aesthetics, comfort, and functionality, making it a practical and reliable solution for both residential and commercial buildings.
